

Plywood Solutions for

# Modern Sheds

## Engineered for performance

Sheds go way beyond storage these days and craftsmanship counts more than ever. Whether you are a volume manufacturer, a custom builder, specialize in rent to own (RTO) or if you have even branched into tiny homes, **ARAUCO** manufactures an array of plywood siding suited to build your sheds and other portable structures.

Made with 100% Radiata pine sourced from ARAUCO's own sustainably managed forests, **ARAUCOPLY**® siding offers excellent appearance and workability, combined with the natural look and comfort of real wood. Offered raw, primed or treated.

All ARAUCOPLY siding complies with US PS1 veneer grade and exterior glueline criteria.

- Durable, versatile and attractive
- Handcrafted feel
- Structurally composed core for superior stability
- Multiple thicknesses and choice of groove pattern
- Excellent nail-holding and machinability

- Available as raw, primed or treated panels
- Certified for above-ground installations
- 25-year limited warranty for delamination.\*

\* Delamination as described in US Product Standard PS 1-09. Warranty is non-transferrable.

## Proven Performance

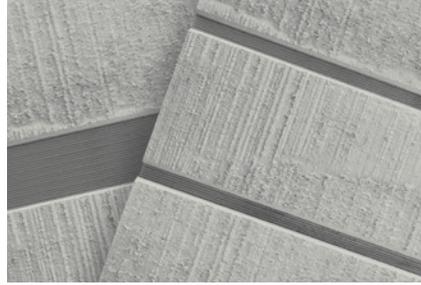

### ARAUCOPLY® Siding

Your everyday workhorse, with a beautiful rough-hewn face and sanded back. Accepts staining and paints easily.

- Uses exterior Phenol-Formaldehyde (PF) resin for consistent quality and performance
- No added formaldehyde
- Stable, composed core

## + Time Saving Advantage

### ARAUCOPLY® Primed Siding

Save a step on labor with this ready-to-paint panel. It offers a full-coverage prime on five sides, sealed edges and smooth, sanded back.

- No additional priming required
- Perfect for sheds, garages and light commercial construction
- Sealed edges, attractive sanded back

## + Protection Advantage

### ARAUCOPLY® ColorShield Siding

A one-step siding solution. Pressure treated to resist termites and fungal rot, with UV protection and attractive, micronized iron oxide color system.

- In-solution color pigment system resists fading
- Compatible with all types of fasteners and hardware, including aluminum
- Limited 5-year color warranty
- 25-year limited warranty on delamination and lifetime limited warranty on structural failure due to fungal decay or termite attack

### ARAUCOPLY GROOVING OPTIONS

Model	Grooving Options	Profile		Finishing

	Shallow Groove		4", 8" OC	Rough Sawn Sanded
	No Groove		N/A	Rough Sawn

### AVAILABLE THICKNESSES

In 48" x 96"	
Nominal	Actual
3/8	11/32"
1/2	15/32"
5/8	19/32"

## ARAUCOPLY® for Underlayment

Providing a smooth, flat surface with minimal voids, knots and other imperfections, ARAUCOPLY ACX and BCX plywood are ideal as underlayment for your floors.

### CERTIFICATIONS AND STANDARDS

- FSC® Chain of Custody Certified (FSC®-C019364)
- TSCA VI/CARB Exempt (no added formaldehyde)
- ANSI/APA PRP 210 Compliant
- Premium siding (12 mm - 15/32" and 15 mm - 19/32") is grade-stamped and span-rated by TPI
- ACX and BCX grades meet PS1-19 underlayment requirements
