DESIGN WITH INTENTION

Dreamy Laundry Room

- **Location:**
Chester County, PA
- **Owner/Designer:**
Diplomat Closet Design
- **PRISM TFL Design:**
SF251 Celadon

Description:

Diplomat Closet Design believes that Prism TFL offers beautiful, durable colors and patterns to address each project's distinctive needs for an elegant storage solution. These two installations feature Prism TFL SF251 Celadon because it is an on-trend design with excellent performance capabilities.

Diplomat Closet Design values being able to find the most comprehensive selection of coordinating doors, drawer fronts, moulding and other complementary products to match, making Prism TFL the right choice.

Mudroom Masterpiece:

This entrance unit was placed right beside the family's most used entrance door leading off the garage. The multifunctional built-in became the home to cleaning products, shoes, coats, school backpacks and sports equipment.

Dreamy Laundry Room:

Once full of collapsible drying rack stands and laundry baskets, this streamline design marries function and beauty. Hideaway drying rack drawers, perfectly designed cubbies for laundry baskets, a purposeful nook for a hamper, and a clean surface for folding make this laundry room a functional and pleasing workspace. Built-ins designed around the washer and dryer hide the once visible electrical components, water lines, and dryer vent from view.
