Description:

Diplomat Closet Design believes that Prism TFL offers beautiful, durable colors and patterns to address each project's distinctive needs for an elegant storage solution. These two installations feature Prism TFL SF247 Mysterious because it is an on-trend design with excellent performance capabilities.

Diplomat Closet Design values being able to find the most comprehensive selection of coordinating doors, drawer fronts, moulding and other complementary products to match, making Prism TFL the right choice.

Bold Welcome Hutch:

This once bare foyer was transformed into a functional storage solution for this home's residents and guests. A bold color choice adds dimension and interest to this beautiful home.

Kitchen Refresh:

This resized custom island, designed with a burst of color, transformed this kitchen into an inviting entertainment space filled with additional storage and a place for seating.

Mediterranean Bath:

The rich finish of this stunning blue TFL enhanced the Mediterranean tile that recreated a retreat reminiscent of a beautiful European holiday home.

Striking Entertainment Unit:

Contrasting finishes of natural wood and Mysterious blue create a sophisticated and inviting entertainment wall that will be complete with a TV for sports games, refreshments for guests, and display for memorabilia.
