# 2024-26 DESIGN DEBUT

## The **NEW** Curated Collection

As bold colors, fluid forms, and highly dimensional textiles make their way into every nook and cranny of interior design trends, we're seeing an overwhelming desire in North America for more pared back and subtle woodgrains and prints that bring a sense of calm and balance to interior spaces. ARAUCO's 2024 Design Debut is intentionally designed to help you take a breath and enjoy your chosen spaces.

# Wright Walnut

Wright Walnut has all the richness and beauty of American black walnut, with the sophistication of a European décor. Bold movement and cut cathedrals are balanced against its natural character and tone.
