To our valued PRISM TFL Partners:

HAPPY NEW YEAR!

As we continue to roll out our exciting 2020 Design Debut, we are taking this opportunity to balance and refresh our current offering. This letter serves as notification that effective today, we are moving the Prism designs listed below to inactive status. The designs contained in this notice are part of Arauco North America's regularly planned TFL design review process. Our intent is to support these designs for a limited time to allow for future planning by all our customers. Please work with your Regional Sales Manager and Inside Sales Representative during this transition.
