

# Edge-Glued BOARDS

**ARAUCO'S** TOP QUALITY EDGE-GLUED BOARDS ADD AN ESSENTIAL DETAIL TO CONTEMPORARY INTERIORS AND TO YOUR FAVORITE CRAFTSMAN-STYLE DÉCOR.

Made from 100% Radiata pine from ARAUCO's own, sustainably managed forests, these mouldings are versatile, durable, pre-primed and ready to paint. From trim boards, bases and casing, to multi-purpose project finishing, ARAUCO Edge-Glued Boards add the perfect finishing touch to any interior and any style.

# ARAUCO

## Edge-Glued Boards

ARE THE IDEAL CHOICE FOR  
INTERIOR TRIM APPLICATIONS

- Pre-finished with one coat of moisture-resistant gesso plus one coat of exterior latex primer
- Ends sealed with hardworking latex primer
- All four faces are buffed before and after priming for a smooth finish. No sanding required.
- Made from clear blocks of Radiata pine from ARAUCO's own sustainably managed forests
- Professional finish achieved with two coats of 100% acrylic paint
- For interior use only

### Certifications and Standards

- Complies with ASTM 5572 and EN 204/205 for dry use and wet use
- Primers comply with ASTM G154 - C7
- FSC® Chain of Custody certified (FSC®-C019364)
- ARAUCO is the first forest products company to be third-party certified as Carbon Neutral at a global level
- Produced at mills that are powered by carbon neutral, biomass-generated green power
